(a). जेम की शर्तों के अनुसार ईएमडी छूट के इच्छुक बिडर को संबंधित कैटेगरी के लिए बिड के साथ वैध समर्थित दस्तावेज प्रस्तुत करने है। एमएसई कैटेगरी के अंतर्गत केवल वस्तुओं के लिए विनिर्माता तथा सेवाओं के लिए सेवा प्रदाता ईएमडी से छूट के पात्र हैं। व्यापारियों को इस नीति के दायरे से बाहर रखा गया है।/EMD EXEMPTION: The bidder seeking EMD exemption, must submit the valid supporting document for the relevant category as per GeM GTC with the bid. Under MSE category, only manufacturers for goods and Service Providers for Services are eligible for exemption from EMD. Traders are excluded from the purview of this Policy.

(b). ईएमडी और संपादन जमानत राशि, जहां यह लागू होती है, लाभार्थी के पक्ष में होनी चाहिए। / EMD & Performance security should be in favour of Beneficiary, wherever it is applicable.

लाभार्थी /Beneficiary :

CMRL

Chennai Metro Rail Ltd, Chennai Metro Rail Ltd, Ministry of Housing & Urban Affairs (MoHUA)

(Chennai Metro Rail Limited)

बोली विभाजन लागू नहीं किया गया/ Bid splitting not applied.

एमआईआई अनुपालन/MII Compliance

एमआईआई अनुपालन/MII Compliance	Yes
-------------------------------	-----

एमएसई खरीद वरीयता/MSE Purchase Preference

एमएसई खरीद वरीयता/MSE Purchase Preference	Yes
सूक्ष्म और लघु उद्यम मूल उपकरण निर्माताओं को खरीद में प्राथमिकता, यदि उनका मूल्य $L1+X\%$ तक की सीमा में हो / Purchase Preference to MSE OEMs available upto price within $L1+X\%$	15

1. The minimum average annual financial turnover of the bidder during the last three years, ending on 31st March of the previous financial year, should be as indicated above in the bid document. Documentary evidence in the form of certified Audited Balance Sheets of relevant periods or a certificate from the Chartered Accountant / Cost Accountant indicating the turnover details for the relevant period shall be uploaded with the bid. In case the date of constitution / incorporation of the bidder is less than 3-year-old, the average turnover in respect of the completed financial years after the date of constitution shall be taken into account for this criteria.

2. Years of Past Experience required: The bidder must have experience for number of years as indicated above in bid document (ending month of March prior to the bid opening) of providing similar type of services to any Central / State Govt Organization / PSU. Copies of relevant contracts / orders to be uploaded along with bid in support of having provided services during each of the Financial year.

3. Purchase preference to Micro and Small Enterprises (MSEs): Purchase preference will be given to MSEs as defined in Public Procurement Policy for Micro and Small Enterprises (MSEs) Order, 2012 dated 23.03.2012 issued by Ministry of Micro, Small and Medium Enterprises and its subsequent Orders/Notifications issued by concerned Ministry. If the bidder wants to avail the Purchase preference for services, the bidder must be the Service provider of the offered Service. Relevant documentary evidence in this regard shall be uploaded along with the bid in respect of the offered service. If L-1 is not an MSE and MSE Service Provider (s) has/have quoted price within $L-1+ 15\%$ of margin of purchase preference /price band as defined in the relevant policy, then 100% order quantity will be awarded to such MSE bidder subject to acceptance of L1 bid price. The buyers are advised to refer to the [OM_No.1_4_2021_PPD_dated_18.05.2023](#) for compliance of Concurrent application of Public Procurement Policy for Micro and Small Enterprises Order, 2012 and Public Procurement (Preference to Make in India) Order, 2017. Benefits of MSE will be allowed only if the credentials of the service provider are validated on-line in GeM profile as well as validated and approved by the Buyer after evaluation of submitted documents.

4. If L-1 is not an MSE and MSE Service Provider (s) has/have quoted price within $L-1+ 15\%$ of margin of purchase preference /price band as defined in the relevant policy, then 100% order quantity will be awarded to such MSE bidder subject to acceptance of L1 bid price.

5. Estimated Bid Value indicated above is being declared solely for the purpose of guidance on EMD amount and for determining the Eligibility Criteria related to Turn Over, Past Performance and Project / Past Experience etc. This has no relevance or bearing on the price to be quoted by the bidders and is also not going to have any impact on bid participation. Also this is not going to be used as a criteria in determining reasonableness of quoted prices which would be determined by the buyer based on its own assessment of reasonableness and based on competitive prices received in Bid / RA process.

6. Past Experience of Similar Services: The bidder must have successfully executed/completed similar Services over the last three years i.e. the current financial year and the last three financial years(ending month of March prior to the bid opening): -

1. Three similar completed services costing not less than the amount equal to 40% (forty percent) of the estimated cost; or
2. Two similar completed services costing not less than the amount equal to 50% (fifty percent) of the estimated cost; or
3. One similar completed service costing not less than the amount equal to 80% (eighty percent) of the estimated cost.

क्रेता द्वारा जोड़ी गई बिड की विशेष शर्तें/Buyer Added Bid Specific Terms and Conditions

1. Generic

OPTION CLAUSE: The buyer can increase or decrease the contract quantity or contract duration up to 25 percent at the time of issue of the contract. However, once the contract is issued, contract quantity or contract duration can only be increased up to 25 percent. Bidders are bound to accept the revised quantity or duration

2. Buyer Added Bid Specific ATC

Buyer uploaded ATC document [Click here to view the file.](#)

अस्वीकरण/Disclaimer

The additional terms and conditions have been incorporated by the Buyer after approval of the Competent

Authority in Buyer Organization, whereby Buyer organization is solely responsible for the impact of these clauses on the bidding process, its outcome, and consequences thereof including any eccentricity / restriction arising in the bidding process due to these ATCs and due to modification of technical specifications and / or terms and conditions governing the bid. If any clause(s) is / are incorporated by the Buyer regarding following, the bid and resultant contracts shall be treated as null and void and such bids may be cancelled by GeM at any stage of bidding process without any notice:-

1. Definition of Class I and Class II suppliers in the bid not in line with the extant Order / Office Memorandum issued by DPIIT in this regard.
2. Seeking EMD submission from bidder(s), including via Additional Terms & Conditions, in contravention to exemption provided to such sellers under GeM GTC.
3. Publishing Custom / BOQ bids for items for which regular GeM categories are available without any Category item bunched with it.
4. Creating BoQ bid for single item.
5. Mentioning specific Brand or Make or Model or Manufacturer or Dealer name.
6. Mandating submission of documents in physical form as a pre-requisite to qualify bidders.
7. Floating / creation of work contracts as Custom Bids in Services.
8. Seeking sample with bid or approval of samples during bid evaluation process. (However, in bids for [attached categories](#), trials are allowed as per approved procurement policy of the buyer nodal Ministries)
9. Mandating foreign / international certifications even in case of existence of Indian Standards without specifying equivalent Indian Certification / standards.
10. Seeking experience from specific organization / department / institute only or from foreign / export experience.
11. Creating bid for items from irrelevant categories.
12. Incorporating any clause against the MSME policy and Preference to Make in India Policy.
13. Reference of conditions published on any external site or reference to external documents/clauses.
14. Asking for any Tender fee / Bid Participation fee / Auction fee in case of Bids / Forward Auction, as the case may be.
15. Any ATC clause in contravention with GeM GTC Clause 4 (xiii)(h) will be invalid. In case of multiple L1 bidders against a service bid, the buyer shall place the Contract by selection of a bidder amongst the L-1 bidders through a Random Algorithm executed by GeM system.
16. Buyer added ATC Clauses which are in contravention of clauses defined by buyer in system generated bid template as indicated above in the Bid Details section, EMD Detail, ePBG Detail and MII and MSE Purchase Preference sections of the bid, unless otherwise allowed by GeM GTC.
17. In a category based bid, adding additional items, through buyer added additional scope of work/ additional terms and conditions/or any other document. If buyer needs more items along with the main item, the same must be added through bunching category based items or by bunching custom catalogs or bunching a BoQ with the main category based item, the same must not be done through ATC or Scope of Work.

Further, if any seller has any objection/grievance against these additional clauses or otherwise on any aspect of this bid, they can raise their representation against the same by using the Representation window provided in the bid details field in Seller dashboard after logging in as a seller within 4 days of bid publication on GeM. Buyer is duty bound to reply to all such representations and would not be allowed to open bids if he fails to reply to such representations.

All GeM Sellers/Service Providers shall ensure full compliance with all applicable labour laws, including the provisions, rules, schemes and guidelines under the four Labour Codes i.e. the Code on Wages, 2019; the Industrial Relations Code, 2020; the Occupational Safety, Health and Working Conditions Code, 2020; and the Code on Social Security, 2020 as and when notified and brought into force by the Government of India.

For all provisions of the Labour Codes that are pending operationalisation through rules, schemes or notifications, the corresponding provisions of the pre-existing labour enactments (such as The Minimum Wages Act, 1948, The Payment of Wages Act, 1936, The Payment of Bonus Act, 1965, The Equal Remuneration Act, 1976, The Payment of Gratuity Act, 1972, etc. and relevant State Rules) shall continue to remain applicable.

The Seller/ Service Providers shall, therefore, be responsible for ensuring compliance under:

- All notified and enforceable provisions of the new Labour Codes as mentioned hereinabove; and
- All operative provisions of the erstwhile Labour Laws until their complete substitution.

All obligations relating to wages, social security, safety, working conditions, industrial relations etc. and any other statutory requirements shall be strictly met by the Seller/ Service Provider. Any non-compliance shall constitute a breach of the contract and shall entitle the Buyer to take appropriate action in accordance with the contract and applicable law.

This Bid is governed by the [सामान्य नियम और शर्तें/General Terms and Conditions](#), conditions stipulated in Bid and [Service Level Agreement](#) specific to this Service as provided in the Marketplace. However in case if any condition specified in सामान्य नियम और शर्तें/General Terms and Conditions is contradicted by the conditions stipulated in Service Level Agreement, then it will over ride the conditions in the General Terms and Conditions.

जेम की सामान्य शर्तों के खंड 26 के संदर्भ में भारत के साथ भूमि सीमा साझा करने वाले देश के बिडर से खरीद पर प्रतिबंध के संबंध में भारत के साथ भूमि सीमा साझा करने वाले देश का कोई भी बिडर इस निविदा में बिड देने के लिए तभी पात्र होगा जब वह बिड देने वाला सक्षम प्राधिकारी के पास पंजीकृत हो। बिड में भाग लेते समय बिडर को इसका अनुपालन करना होगा और कोई भी गलत घोषणा किए जाने व इसका अनुपालन न करने पर अनुबंध को तत्काल समाप्त करने और कानून के अनुसार आगे की कानूनी कार्रवाई का आधार होगा।/In terms of GeM GTC clause 26 regarding Restrictions on procurement from a bidder of a country which shares a land border with India, any bidder from a country which shares a land border with India will be eligible to bid in this tender only if the bidder is registered with the Competent Authority. While participating in bid, Bidder has to undertake compliance of this and any false declaration and non-compliance of this would be a ground for immediate termination of the contract and further legal action in accordance with the laws.

---धन्यवाद/Thank You---

Form TECH-4: Description of Approach, Methodology and Work Plan for Performing the Assignment

[Technical approach, methodology and work plan are key components of the Technical Proposal. It is suggested that the Consultant presents its Technical Proposal divided into the following three chapters:

(a) Technical Approach and Methodology:

The Consultant shall explain its understanding of the objectives of the assignment, approach to the Assignment, methodology for carrying out the activities and obtaining the expected output, and the degree of detail of such output.

The Consultant shall highlight the problems being addressed and their importance, and explain the technical approach it would adopt to address them. The Consultant shall also explain the methodologies it proposes to adopt and highlight the compatibility of those methodologies with the proposed approach. Staffing for training shall also be explained, if so required in the TOR. A simple repeat/copy of the TOR will not be appropriate.

(b) Work Plan:

The Consultant shall propose the main activities of the assignment, their content and duration, phasing and interrelations, milestones (including interim approvals by the Employer), and delivery dates of the reports. The proposed work plan shall be consistent with the technical approach and methodology, showing understanding of the TOR and ability to translate them into a feasible working plan.

A list of the final documents, including reports, drawings, and tables to be delivered as final output, shall be included here.

(c) Organization and Staffing:

The Consultant shall propose the structure and composition of its team. The Consultant shall list the main disciplines of the assignment, the Key Personnels and Non-Key Personnels, and proposed technical and administrative support staff.

Consultancy Assignment for Conducting an Independent Safety Audit to Enhance Compliance with Safe Systems of Work in Chennai Metro Rail Limited (CMRL) Phase-2 Civil and Track Projects – Section A
Form FIN-1: Financial Proposal Submission Form

Date : [insert date of Proposal submission]

END OF DOCUMENT

PAYMENT TERMS & CONDITIONS

1. Payment Terms:

- 1.1. 100% payment shall be made in accordance with the payment schedule defined below and shall be released **within twenty-eight (28) days** from the date of issuance of the **Consignee Receipt-cum-Acceptance Certificate (CRAC)** and successful online submission of invoices through GeM, subject to approval by CMRL.
- 1.2. Payments shall be milestone-based and linked to **deployment of Key and Non-Key personnel (minimum 22 man-days per month)** and **submission & approval of reports**, as detailed below:

2. Payment Schedule:

2.1. Monthly Payments (During Contract Period for 11 months):

SI No	Description	Percentage of the amount to be paid
2.1. A	Submission and approval of monthly attendance for Key & Non-Key Personnel with minimum 22 man-days per personnel (as per Section 7 of TOR on Man-Day Allocation & Attendance Certification)	5 % of accepted contract value per month
2.1. B	Submission and approval of Monthly Interim Report (GIR + IM Report)	3 % of accepted contract value per month
	Total Monthly Payment	8 % of accepted contract value per month

2.1.2. Monthly payment shall be released only upon approval of both Part 2.1.A and Part 2.1.B. Failure to meet the minimum man-day requirement shall result in proportionate withholding of payment. The withholding amount shall be released upon fulfilment of the above requirements.

2.2. Final Payment (for 12th month):

SI No	Description	Percentage of the amount to be paid
2.2. A	Submission and approval of monthly attendance for Key & Non-Key Personnels with minimum 22 man-days per personnel (as per Section 7 of TOR on Man-Day Allocation & Attendance Certification)	6.5 % of accepted contract value per month
2.2. B	Submission and approval of Final Report	5.5 % of accepted contract value per month

	Total Final Payment	12 % of accepted contract value per month
--	----------------------------	---

3. General Conditions Applicable to All Payments:

3.1 Monthly attendance sheets shall be submitted in the prescribed format, duly certified by the Consultant and countersigned by CMRL / GC.

3.2 Payments shall be subject to:

3.2.1. Compliance with Man-Day Allocation, Attendance Certification and Payment Linkage clause

3.2.2. Acceptance / approval of reports by CMRL

3.2.3. Submission of complete supporting documents

3.3 Taxes shall be paid as applicable and as per GeM guidelines.

TERMS OF REFERENCE

- ❖ This TOR shall replace Sl. No. 4 (Scope of Work) of the Service Level Agreement (SLA)
- ❖ The Consultant shall refer to this TOR to understand and deliver the scope of work for this assignment.

INDEPENDENT SAFETY AUDIT

Name of the Work: Consultancy Assignment for Conducting an Independent Safety Audit to Enhance Compliance with Safe Systems of Work in Chennai Metro Rail Limited (CMRL) Phase-2 Civil and Track Projects – Section A

1. BACKGROUND

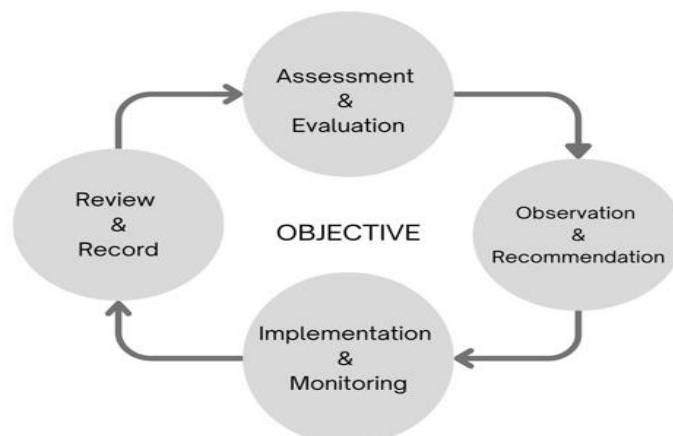

Chennai Metro Rail Limited (CMRL) is a joint venture of the Government of India (GoI) and the Government of Tamil Nadu (Go TN) for construction of Metro Rail Project Phase I & Phase 2 in Chennai city, with financial support from the funding agencies like JICA/ADB/NDB/AIIB.

Phase 1 spans a network of 54.1 kilometers, comprising Corridor 1 (Wimco Nagar to Airport, 32.1 km) and Corridor 2 (Chennai Central to St. Thomas Mount, 22.0 km). Presently, 54.1 km of Phase 1 is operational.

Phase 2 consists of three corridors covering a combined length of 116.1 km: Corridor 3 (Madhavaram to Siruseri, 45.4 km), Corridor 4 (Lighthouse to Poonamallee, 26.1 km), and Corridor 5 (Madhavaram to Sholinganallur, 44.6 km). The construction of all the corridors of phase 2 is in full swing.

2. OBJECTIVE:

The objective of this independent assessment is to systematically review, assess, and evaluate the implementation of approved work Method Statements through structured site observations. The assessment aims to identify gaps, deviations, and non-compliances, record audit evidence and associated consequences, and provide objective, practical recommendations for corrective and preventive action. The implementation of these recommendations shall be monitored and verified to ensure continual improvement in compliance, safety, and performance, in alignment with the PDCA (Plan–Do–Check–Act) cycle.

3. SCOPE:

The scope of the audit covers CMRL Phase–II Civil and Track Projects, comprising two (2) elevated packages, eight (8) tunnel and underground station packages, one (1) depot civil package, and two (2) track packages, namely C5-EV-03, C3-EV-01, C3-TU-01, C3-TU-02, C3-UG-01, C3-UG-02, C3-UG-03, C3-UG-04, C3-UG-05, C5-UG-06, C5-DPT-02, C3-ATW-09, and C5-ATW-12, as detailed in Annexure-A of the Additional Terms and Conditions of contract (ATC).

- **Auditing adherence to and implementation of** approved Work Method Statements, and **identifying deficiencies and deviations** from them, in the context of applicable IS Codes related to quality, temporary structural designs, CMRL's Occupational Health & Safety (OH&S) Conditions of Contract (refer ATC for CMRL OH&S COC), and relevant national statutes and rules, including the Building and Other Construction Workers (BOCW) Act, 1996, and Tamil Nadu BOCW Rules, 2006, etc.
- **Reviewing, simplifying, and recommending improvements** to Work Method Statements, Standard Operating Procedures, and safety protocols, wherever required, to enable effective, practical, and safe implementation at site, in line with CMRL safety requirements.

4. DUTIES AND RESPONSIBILITIES OF THE CONSULTANT

Below are the duties and responsibilities of the consultant but not limited to.

4.1 The Consultant shall form a multi-disciplinary team for this assignment. The independent Consultant team shall be staffed with an adequate number of personnel with relevant experience in a similar scope of work. The detailed requirements for Key and Non-Key Personnel are provided in Section 10 of this TOR.

4.2 The Consultant shall maintain an office in Chennai, and all Key and Non-Key Personnel shall be available in Chennai to provide continuous input throughout the full duration of the assignment.

4.3 The Consultant shall ensure that the same Key and Non-Key Personnel are not deployed concurrently for any other contract, either within CMRL or with any external organization, during the entire duration of this contract

4.4 The Consultant shall meet with CMRL/GC/Contractor's authorized officials of contract packages to understand the present work activities and its approved work method statements. The Consultant shall collect relevant documents, data, and insights from CMRL, GC, Contractor, and other stakeholders; analyse current processes, operations, and systems to identify issues or opportunities for improvement; and prepare a detailed roadmap with timelines, milestones, and deliverables.

4.5 The Consultant shall be available at the site for audits well before the commencement of work, based on the requirements of day/night shifts. The Consultant shall also share a detailed work schedule with CMRL/GC, including weekly and monthly plans for the contract period.

4.6 The Consultant shall share a detailed monthly work schedule in consultation with CMRL/GC. The selection of Method Statements and contract packages for review and the planning of site audits shall be carried out in consultation with CMRL and GC, based on the nature and progress of works.

4.7 The Consultant shall assess the contractor's understanding and awareness of the approved safety procedures, including Work Method Statements, using a checklist or questionnaire discussed with CMRL/GC prior to the commencement of work at site.

4.8 The team of Key and Non-Key Personnel shall, as professional and experienced consultants, accept full responsibility for the accuracy, correctness, and technical merit of the services performed.

4.9 All the additional incidental services related to the preparation of the report highlighting issues during the service should be deemed to be included in the scope of services of consultants. No extra payment shall be made for such incidental services. Additional incidental services for the consultant may include but are not limited to the below:

- a) Site inspection carried out on day/night shift-based works requirements,
- b) Analysing specific construction processes and operations to uncover unique risks,
- c) Compliance checks and regulatory review,
- d) Documenting and developing detailed action plans to address safety violations or non-conformances, if any,
- e) Investigating any past incidents or accidents on the construction site and suggesting safety improvements, if any,
- f) Identifying gaps in current work method statements, safety protocols, safety procedures, and training programs, and recommending tailored suitable suggestions to enhance safety standards in CMRL projects based on findings,
- g) Providing post-report follow-up to monitor the implementation of safety recommendations,
- h) Scheduling additional safety inspections and monitoring to verify that corrective actions have been taken or implemented,
- i) Timely coordination with concerned CMRL / General Consultant (GC) / Contractor's representatives during the contract period.

4.10 The Consultant shall proactively maintain regular and effective communication with CMRL/GC and the Contractors, take responsibility for identifying and addressing issues in a timely manner, and keep CMRL informed of progress and resolutions throughout the contract period.

4.11 The Consultant shall remain updated with applicable industry standards, IS Codes, statutory regulations, and relevant innovations, and shall incorporate such knowledge,

wherever appropriate, to provide relevant and practical advice and recommendations to CMRL.

5. COORDINATION MEETINGS

The following coordination meetings shall be conducted to ensure effective implementation and monitoring of the consulting services:

5.1. Regular fortnightly coordination meetings shall be held during the contract period, wherein **CMRL shall review the progress** of work and other relevant aspects of the assignment. These meetings shall be conducted at CMRL Headquarters and/or CMRL project site offices, as decided by CMRL.

5.2 In addition to the fortnightly coordination meetings, the Consultant shall conduct **monthly package-level coordination meetings** with the concerned **GC and Contractor's representatives** to review site-specific safety observations, compliance status, and the implementation of audit recommendations, with the **concerned CMRL officials duly informed**.

5.3. The Consultant **shall prepare and submit comprehensive progress reports** summarizing audit findings, recommendations, and implementation status, and shall make **formal presentations to CMRL** during coordination meetings highlighting key observations, issues, and proposed actions. The Consultant shall ensure continuous communication to maintain alignment with CMRL objectives.

5.4. The Consultant **shall record the Minutes of Meeting (MoM)** for all coordination meetings and submit the same to CMRL for review and concurrence within two (2) to three (3) working days from the date of the meeting. Approved MoMs' shall be maintained by the Consultant as official records for future reference.

5.5. All Key Personnel shall be physically present during coordination meetings. Non-Key Personnel shall attend such meetings as and when required by CMRL, based on the agenda and subject matter.

6. ACTIVITIES & TASKS TO BE PERFORMED BY THE CONSULTANT AND THEIR TIMING:

The activities and tasks to be performed by the Consultant shall include, but not be limited to, the following:

6.1 The Consultant shall collaborate with CMRL/GC to understand the packages, scope of works, and necessary information for the preparation of audit weekly/monthly plans.

6.2 The Consultant shall review and familiarize themselves with the approved Work Method Statements prior to site assessment, analyse the processes involved, and evaluate potential risks and challenges associated with the work activities.

6.3 The Consultant shall coordinate with the respective Contractor representatives to collect the required documents and reports and shall keep the concerned CMRL/GC officials duly informed.

6.4 The Consultant shall coordinate with the respective CMRL/GC Safety or Civil Managers for the selection of activities or locations to be audited and the allocation of man-days. The same shall be formally communicated to CMRL through official email.

6.5 The Consultant shall notify the concerned Contractor at least two (2) working days prior to the scheduled audit and obtain details of ongoing activities from the Contractor's team.

6.6 The Consultant shall seek the physical presence of the Contractor's personnel by notifying the concerned package representatives of CMRL/GC/Contractor in advance and shall conduct the audit accordingly.

6.7 The Consultant shall verify the sequence of work, control measures, and work procedures implemented at site against the approved Method Statements. Where alternative methodologies are adopted by the Contractor, the Consultant shall verify their adequacy and approval status with CMRL/GC.

6.8 The Consultant shall evaluate whether the control measures and procedures specified in the Method Statements are practicable, effective, and designed by competent persons to prevent accidents. Any deficiencies in implementation shall be formally reported, including reasons and areas of deficiency.

6.9 The Consultant shall assess the adequacy of Method Statements in addressing practical difficulties and challenges encountered by workers during execution.

6.10 The gaps observed in the implementation of Method Statements shall be assessed against the requirements specified in the approved Method Statements and CMRL's Conditions of Contract. **Any deficiencies or inadequacies in the Method Statements shall be corroborated with reference to applicable statutory provisions, relevant IS/BS Codes, and recognized national and international safety standards.**

6.11 The Consultant shall verify that all temporary structures at site are erected and installed strictly in accordance with approved drawings and specifications, ensure that approved design drawings, design calculations (including load calculations), and stability checks are available for all temporary structures, and verify that such temporary works have been designed, reviewed, and approved by a competent authority and certified, wherever applicable, prior to and during execution.

6.12 The Consultant shall verify the quality and type of materials used at site in accordance with the specifications provided in the approved Method Statements and applicable IS Codes.

6.13 The Consultant shall review the roles and responsibilities of personnel as defined in the organization chart for each activity covered under the Method Statements.

6.14 The Consultant shall prioritize the audit of critical activities, particularly those where public safety and life safety are at risk, in concurrence with the concerned CMRL and GC representatives.

6.15 The Consultant shall ensure that any potentially high-risk or imminent danger observations, particularly those affecting public safety or life safety, are immediately communicated to the concerned Contractor and GC for prompt corrective action, with simultaneous intimation to CMRL.

6.16 The Consultant shall review revised Method Statements and risk assessments prepared following any fatal accident, major injury, or dangerous occurrence to verify the adequacy of corrective and preventive measures implemented.

6.17 The Consultant shall review working hours, overtime records, health records, training records, and other relevant details of workers employed by Contractors in line with CMRL requirements and applicable statutory provisions.

6.18 This assignment requires full-time availability of Key and Non-Key Personnel. The Consultant shall maintain attendance records of deployed personnel, which shall be verified by the appropriate authorities.

6.19 The Consultant shall inform the respective package CMRL/GC Safety Managers regarding the auditors' attendance and presence at site by submitting required documents and time-stamped photographs through official WhatsApp groups and/or official email, as specified by CMRL.

6.20 The Consultant shall ensure that **all observations recorded with agreed timeline for rectifications** during site visits are **documented in a daily auditor's observation sheet** (in the format agreed with CMRL/GC), are duly discussed, communicated, and signed off by the concerned Contractor, and verified by representatives of CMRL/GC.

6.21 The Consultant shall provide all deliverables as specified in Section 8 of this TOR within the prescribed timelines.

6.22 The Consultant shall maintain proper records of all report submissions and communications, including email confirmations, acknowledgements, and submission receipts, and shall maintain a consolidated register of such records for verification by CMRL.

7. Man-Day Allocation, Attendance Certification and Payment Linkage

7.1. For the purpose of monitoring deployment of Key and Non-Key Personnel and for certification of payments, the Consultant shall maintain and submit **monthly man-day attendance records** indicating the allocation of professional time spent on various audit activities.

7.2. The indicative distribution of man-days for each Key and Non-Key Personnel shall be as follows:

- **15% of total man-days** – Review of Method Statements, Risk Assessments, Safety Procedures and related documentation.

- **70% of total man-days** – Site visits, field audits, physical verification, interaction with Contractor / GC / CMRL representatives (including day/night shifts as applicable).
- **15% of total man-days** – Preparation of reports (GIR, IM, Monthly Interim reports), follow-up actions, and participation in coordination / review meetings with CMRL, GC and Contractors.

7.3. Each Key and Non-Key Personnel shall deploy a **minimum of 22 man-days per month**, which shall be mandatory for payment consideration.

7.4. The Consultant shall submit **monthly attendance sheets** in the agreed format, duly certified by the Consultant and countersigned by the authorized representatives of CMRL / GC, clearly indicating:

- Name and designation of Key and Non-Key personnel
- Number of man-days deployed
- Activity-wise allocation of man-days
- Dates and locations of site visits / meetings

7.5. Payments shall be linked to the submission and approval of the monthly man-day attendance records along with the corresponding deliverables, and non-compliance with the minimum man-day requirement or improper allocation may result in proportionate deduction or withholding of payment as per contract provisions.

8. DELIVERABLES:

Sl. No	Deliverables	Cumulative Timeline (from the date of commencement of assignment)
1.	Gap Identification & Recommendation (GIR) Report	Every 7 days
2.	Implementation and Monitoring Report – IM Report	Every 14 days
3.	Monthly Interim Report (GIR + IM Report)- MI Report	Every 30 days
4.	Draft Final report	350 days
5.	Final Report	365 days

* The commencement date of assignment shall be **14 days** from the date of issuance of LOA

8.1 Gap Identification & Recommendation (GIR) Report:

The Gap Identification & Recommendation (GIR) Report shall include, but not be limited to, the following:

8.1.1. The report shall **contain detailed observations on deviations** in the implementation of approved Work Method Statements (MS) observed during site visits, clearly indicating the specific activity, location, and package reference.

8.1.2. The Consultant shall **identify and document inadequacies or deficiencies** within the Method Statements themselves while evaluating their implementation, including missing controls, impractical procedures, or insufficient risk mitigation measures.

8.1.3. The Consultant shall ensure that all observations and recommendations included in the **GIR Report are in accordance with applicable National and International standards and codes of practice** related to Safety, quality, temporary structural designs, underground and tunnelling construction, etc., applicable statutory requirements (including but not limited to the Building and Other Construction Workers (BOCW) Act, 1996 and Tamil Nadu BOCW Rules, 2006), and CMRL's Occupational Health & Safety (OH&S) Conditions of Contract.

8.1.4. The **recommendation** provided for each identified gap shall be objective, clear, **practical, and implementable at site**.

8.1.5. The Consultant shall ensure that all recommendations **are made with due reference to the relevant IS/BS Codes of Practice, applicable national statutory rules and regulations**, and CMRL's Occupational Health & Safety (OH&S) requirements.

8.1.6. All observations recorded during site visits while evaluating the implementation of Method Statements shall be systematically documented and supported with verifiable audit evidence, including photographs, relevant documents, records, and interactions with the Contractor's site personnel, ensuring traceability of each observation.

8.2 Implementation and Monitoring (IM) Report:

The Implementation and Monitoring (IM) Report shall include, but not be limited to, the following:

8.2.1. The report shall clearly indicate the status of implementation and adherence to each recommendation issued in the GIR Report.

8.2.2. The Consultant shall verify the implementation status at site and update the status in the IM Report (for the purpose of getting implementation status, the consultant shall coordinate with the respective GC/Contractor's safety representatives), supported with verifiable photographic evidence, relevant documents, and records, clearly demonstrating the closure or progress of each recommendation.

8.2.3. Each recommendation in the IM Report shall be assigned a clear implementation status (Closed / Partially Closed / Open), along with the date of verification."

8.2.4. The report shall provide a quantitative summary of risks mitigated and the corresponding safety benefits (value addition) realized by CMRL as a result of implementing the audit recommendations. Risk mitigation shall be expressed in numerical terms, based on risk assessments, including a comparison of risk levels before and after implementation of recommendations by the audit team

8.3 Monthly Interim Report (MI Report):

The Monthly Interim Report shall include, but not be limited to, the following:

8.3.1. The report shall provide comprehensive documentation of the **GIR and IM Reports**, including detailed explanations of how each recommendation contributes to improvement in project safety, quality and temporary structures design & constructions.

8.3.2. The report shall include details of the Method Statements reviewed and verified at project sites during the reporting period. **A minimum of twelve (12) Method Statements per month**, related to ongoing high-risk and critical activities of the awarded **Section A packages including system contract packages also if required**, shall be reviewed, and the implementation status shall be physically verified at site during the audit in concurrence with CMRL.

8.3.4. CMRL may issue special assignments, apart from the assigned scope of work, **based on project requirements**. Such assignments shall be considered part of the regular assignment at no extra cost. The Vendor shall accommodate these assignments along with the regular ongoing assignments and shall submit the required reports to CMRL.

8.3.5. The report shall provide a **summary of site visits and audit activities** carried out by the Key and Non-Key Personnel during the reporting period.

8.3.6. Summary of Compliant Observations from the Site Audit: The report shall provide a detailed summary of all compliant observations recorded during the site audit. Each compliant observation shall be documented sub-activity-wise, in accordance with the approved Method Statement, and shall be supported with photographic evidence including date, time, and location details, along with relevant reference documents demonstrating adherence to specified procedures and standards.

8.3.7. Summary of Deviations and Deficiencies: The report shall summarize all **potentially high-risk deviations and deficiencies** identified during the site audit. These findings shall be recorded in line with the approved Method Statement and categorized sub-activity-wise for clarity. **High-risk deviations shall be clearly highlighted for priority corrective action.** Each potentially high-risk deviation or deficiency shall be supported with photographic evidence (with date, time, and location details) and relevant documentary records to facilitate accurate assessment and follow-up actions.

8.3.8. Summary of Critical Observations Not Covered in the Method Statement: The report shall highlight any **critical sequences, activities, or observations** identified during the site audit that are **not addressed or covered** in the approved

Method Statement. Such observations shall be documented to identify gaps in the existing Method Statements and shall be supported with **photographic evidence and relevant documentation**.

8.3.9. All potentially high-risk observations included in the Monthly Interim (MI) Report shall clearly reference the corresponding GIR and IM Report numbers to ensure traceability and continuity of audit findings and corrective actions.

8.4 Final Report:

The Final Report shall present a consolidated summary of the Independent Safety Audit conducted to enhance safety compliance in CMRL Phase-II Civil and Track Projects (Section-B), covering the entire contract period, and shall include, but not be limited to, the following:

8.4.1. Summary of Audit Coverage:

A consolidated summary of audit activities conducted during the assignment, including the contract packages covered, types of activities audited, duration of audits, and deployment of Key and Non-Key Personnel.

8.4.2. Consolidation of Monthly Interim Reports:

A compilation and summary of all approved Monthly Interim Reports (IRs) submitted during the contract period, ensuring continuity and traceability of observations, recommendations, and follow-up actions.

8.4.3. Overall Gap Analysis and Trends:

An overall analysis of gaps observed during the audit, highlighting recurring deviations, improvement trends in Method Statement compliance, and areas requiring continued management attention. Trend analysis shall be supported with qualitative and quantitative data.

8.4.4. Key Observations and Recommendations:

A summary of significant observations, critical safety issues, and key recommendations, categorized activity-wise and package-wise, with reference to applicable Method Statements, OHS&E Conditions of Contract, and statutory requirements.

8.4.5 Implementation Status and Effectiveness:

A summary of the implementation status of audit recommendations, including the percentage implemented, pending actions with reasons, and the effectiveness of implemented controls, supported with relevant photographic and documentary evidence.

8.4.6 Risk Mitigation and Safety Performance:

An assessment of overall risk reduction and improvement in safety performance achieved through the audit, including reduction in risk levels and enhancement of safety

controls and work practices, quantified using the approved risk assessment methodology.

8.4.7 KPI Performance Summary:

A consolidated summary of performance against the defined KPIs, including Method Statement Compliance Rate, Audit Observation Closure Rate, Risk Mitigation Effectiveness, and timeliness of implementation of recommendations.

8.4.8 Value Addition and Way Forward:

A summary of value addition achieved for CMRL through the audit, key lessons learned, and practical recommendations for continuous safety improvement and ongoing monitoring in CMRL Phase-II projects.

8.4.11 Mandatory Annexures to the Final Report:

The Final Report shall include the following annexures. Non-submission or incomplete submission of any annexure may result in withholding of the final payment until compliance:

Annexure A: Audited Method Statements

- Complete list of Method Statements audited during the contract period
- Classification by package and activity
- Dates of review and site verification

Annexure B: Consolidated GIR Register

- Summary of gaps, deviations, and deficiencies
- Reference to GIR Report numbers and dates
- Status of each observation (Closed / Partially Closed / Open)

Annexure C: Implementation & Monitoring (IM) Register

- Implementation status of recommendations
- Evidence references (photograph/document numbers)
- Dates of closure and verification

Annexure D: Risk Assessment & Mitigation Summary

- Risk scores before and after implementation
- Activity-wise risk reduction analysis
- Basis of risk scoring adopted by the audit team

Annexure E: KPI Performance Summary

- KPI-wise performance results and trend analysis

- Final consolidated KPI outcomes

Annexure F: High-Risk & Critical Observation Register

- List of high-risk and critical observations
- Corrective and preventive actions taken
- Final risk status

Annexure G: Attendance & Man-Day Records

- Monthly attendance records of Key and Non-Key Personnel
- Activity-wise man-day allocation
- Certification and countersignature by CMRL / GC

Annexure H: Minutes of Meetings (MoM)

- Approved Minutes of coordination and review meetings
- Action points and compliance status

8.5 Report Submission Procedures:

8.5.1 The Consultant shall finalize the reporting formats for the **GIR, IM & MI Reports** in coordination with CMRL **prior to the commencement of any official report submission**. All reports specified in Section 8 shall be submitted **within the prescribed timelines**, in soft copy and/or hard copy, **as required by CMRL**, and in the approved formats (such as PDF, Word, Excel, etc.).

8.5.2 The Consultant shall submit the **GIR and IM Reports** to the concerned **GC representatives**, with a copy to CMRL, to obtain compliance status and details of pending actions from the concerned Contractors. The **GIR and IM Reports shall be submitted within one (1) to two (2) working days** after the timelines specified in the Deliverables Clause (Section 8).

8.5.3 The Consultant shall coordinate with the concerned **GC representatives** to obtain compliance confirmations on the GIR observations and shall submit the **updated status reports** to CMRL.

8.5.4 The Consultant shall submit the **Monthly Interim Report (MI Report)** and the **Final Report** to CMRL, along with all supporting documents, **within three (3) working days** after the timelines specified in the Deliverables Clause (Section 8).

9. KEY PERFORMANCE INDICATORS (KPIs):

The performance of the Consultant shall be monitored and evaluated using the following Key Performance Indicators (KPIs):

9.1. Audit Observation Closure Rate:**Definition:**

Measures the effectiveness of implementation and closure of audit recommendations issued by the Consultant.

Formula:

$$\text{Observation Closure Rate (\%)} = \left(\frac{\text{Number of audit observations closed}}{\text{Total number of audit observations issued}} \right) \times 100$$

Measurement Source:

- Implementation and Monitoring (IM) Reports

9.2. Risk Mitigation Effectiveness Index:**Definition:**

Assesses the effectiveness of audit recommendations in reducing safety risks associated with construction activities.

Formula:

$$\text{Risk Mitigation Effectiveness (\%)} = \left(\frac{\text{Total risk score after implementation}}{\text{Total risk score before implementation}} \right) \times 100$$

(Lower percentage indicates better risk mitigation.)

Measurement Source:

- Risk assessments carried out by the audit team
- Implementation and Monitoring (IM) Reports

9.3. Timely Implementation Rate of Recommendations:**Definition:**

Measures the proportion of audit recommendations implemented within the agreed timelines.

Formula:

$$\text{Timely Implementation Rate (\%)} = \left(\frac{\text{Number of recommendations implemented within agreed timeline}}{\text{Total number of recommendations issued}} \right) \times 100$$

Measurement Source:

- Implementation and Monitoring (IM) Reports
- Follow-up audit records

9.4. High-Risk Observation Reduction Rate

Definition:

Measures the reduction in high-risk or critical safety observations over successive reporting periods.

Formula:

$$\text{High-Risk Observation Reduction (\%)} = \left(\frac{\text{Number of high-risk observations in current period}}{\text{Number of high-risk observations in previous period}} \right) \times 100$$

(A decreasing percentage over time indicates improvement.)

Measurement Source:

- Interim Reports
- GIR trend analysis

9. NUMBER OF COPIES FOR FINAL REPORT SUBMISSION

Sl. No.	Description	No. of copies required
A	Final report signed sealed by an authorized signatory – Hard Bonded Photo Print A4/A3 to a readable size	05 no's each
B	All other documents & reports – Bonded A4/A3 to a readable size	05 no's each

10. QUALIFICATION AND EXPERIENCE OF PERSONNEL (KEY & NON-KEY PERSONNEL):

10.1. The qualification and experience requirements for the Professional key and non-key personnel as given below are the CMRL's requirement. The applicant is advised to prepare the CVs of their proposed Personnel (Key & Non-Key)

specifically highlighting their qualifications and experience in the relevant areas of expertise. The CVs should also highlight the proposed Professional Staff's academic qualifications, professional qualifications & certifications, etc. as well as their experience in conducting similar audits for large infrastructure construction projects preferably metros (Elevated / Underground) / railways / bridges & road construction projects. The CVs of Personnel (Key & Non-Key) to be deployed for the project shall be submitted to CMRL for approval before commencement of assignment. No Personnel engaged in the assignment shall be replaced without prior intimation to CMRL. Bidders shall fill in Form Tech-3 (Curriculum Vitae of proposed Key Personnel) as part of the Evaluation and Qualification Criteria for technical bid evaluation.

KEY PERSONNEL:

Lead Auditor – 1No		
I	Educational qualification	
	Essential	BE/BTech/ME/MTech in civil or mining or structural or design.
II	Professional qualification	
		Certified Lead Auditor ISO 9001 or 45001, etc.
III	Essential experience	
	a) Total professional experience	Min.15 years for graduate.
	b) Experience in relevant works	Minimum a total 08 years of experience in construction, conducting audits, providing consulting services for large infrastructure construction projects preferably in metros (Elevated & Underground) / railways / bridges & road construction projects.
IV	Age limit	Not exceeding 65 years on the date of submission of Proposal

Deputy - Lead Auditor – 1 No		
I	Educational qualification	
	Essential	BE/BTech/ME/MTech in civil or mechanical or mining or structural or design. Preferably Civil department M.E / MTech in industrial safety engineering / RLI - PGDIS/ PG diploma in industrial safety approved by state technical board
II	Professional qualification	
	Essential	Certified Lead Auditor ISO 9001 or 45001 or CSP or any other equivalent safety certification on CMRL approval

III	Essential experience	
	a) Total professional experience	Min. 12 years for graduate.
	b) Experience in relevant works	Minimum a total 06 years of experience in conducting safety audits, providing safety consulting services for large infrastructure construction projects preferably in metros (Elevated & Underground) / railways / bridges & road construction projects.
IV	Age limit	Not exceeding 65 years on the date of submission of Proposal

NON-KEY PERSONNEL:

Auditor – 3 Nos		
I	Educational qualification	
	Essential	BE/BTech/ME/MTech/Diploma in civil or mechanical or mining or structural or design. Preferably Civil & Mechanical department (Two auditor in civil & One auditor in mechanical educational background)
II	Professional qualification	
	Added advantage	Lead auditor ISO 45001 or ISO 9001 or any safety / quality certification etc.
III	Essential experience	
	a) Total professional experience	Min. 07 years for graduate / min. 9 years for diploma
	b) Experience in relevant works	Minimum a total 04 years of experience in construction, conducting audits, providing consulting services for large infrastructure construction projects preferably in metros (Elevated & Underground) / railways / bridges & road construction projects.
IV	Age limit	Not exceeding 36 years on the date of submission of Proposal

Note:

- 10.1.1. Where a potential candidate has previously worked for large infrastructure construction projects preferably in metros / railways / bridges & road construction projects and does not possess the qualifications and or the necessary experience as listed in above table **for the Non-Key Personnel role**, CMRL may accord his approval upon a successful interview of the candidate on an ad hoc basis including age relaxation.
- 10.1.2. The Key/ Non key personnel must have practical understanding of **Building and Other Construction workers (BOCW) Act** and Rules, other applicable statutory requirements, health / medical and welfare of workmen, construction

hazards and its prevention & control, traffic management, electrical safety, rigging, and safety of construction equipment.
